Journal Selector

Use the options below to find journals that match your requirements. The journals included in the tool are listed at the bottom of the page. Change the options for any of the questions and click Search. The journals list will update to give only the journals that fit your criteria. Click on a journal name for more information about it.

An explanation of the various options and abbreviations is [here](#), or click on the question marks on the right.

- + Subject ?
- + Peer review ?
- + Open access ?

Journal Metrics

Introducing CiteScore metrics for serials

We are proud to introduce CiteScore metrics from Scopus – comprehensive, current and free metrics for serial titles in Scopus. Search or filter below to find the sources of interest and see the new metrics. Report using these annual metrics and track the 2016 metrics via the links to each title's Scopus source details page. Be sure to use qualitative as well as the below quantitative inputs when presenting your research impact, and always use more than one metric for the quantitative part.
